TECHNICAL MEETING

Regional Planning Panels (JRPP) and noise assessments

- Date:** Tuesday 3 May 2011
- Venue:** National Acoustics Laboratories
- Time:** 6:30 pm
- Speaker:** Paul Mitchell, EMGA Mitchell McLennan Pty Limited

Paul Mitchell was a founding partner of ERM Mitchell McCotter and CEO of ERM Australia. He has wide experience in environmental assessment including for many projects where noise impact is the key issue such as Sydney airport's noise management plan. Paul has also appeared regularly over a 25 year period as an expert in the Land and Environment Court and similar tribunals. He is a member of the JRPP for western Sydney which determines major development and rezoning proposals. He will give his personal views on what determining authorities look for when they are assessing development proposals with a focus on noise issues.

"Anyone" is welcome to attend.

Refreshments will be provided.
