

Job Opportunity

Acoustics, Noise & Vibration Engineering Consultants PROJECT ENGINEER or SENIOR ENGINEER

Renzo Tonin & Associates is a well-established specialist engineering consultancy renowned for high quality work in the fields of noise and vibration since 1982. We are committed to providing clients with the highest level of service including the provision of innovative and sustainable solutions. We have been steadily growing over the last few years and have a strong pipeline of environmental and building projects in Victoria. We are presently seeking a **Project Engineer** or **Senior Engineer** at our **Melbourne** office.

Key responsibilities include:

- delivery of projects within the fields of environmental noise & vibration and building acoustics
- design & coordination of advice
- execution of noise and vibration measurements
- computer modelling eg Soundplan / Cadna-a / Odeon / Ease
- report writing
- client liaison
- preparation of proposals
- business development

The successful candidates should have:

- a degree in engineering or physics
- experience in environmental noise & vibration and/or building acoustics
- strong communication skills
- excellent report writing skills
- effective organisation skills
- ability to lead and manage a small team
- a high level of computer literacy
- a current drivers licence

The on-going and continued growth of our Melbourne office offers significant potential for career growth and advancement on a National level. In addition to a competitive salary package (commensurate with the applicant's experience and qualifications) a generous bonus system is offered and the successful candidate will be provided with an outstanding support structure including in-house training to assist with furthering their professional development with a clear career path.

Applications shall be treated confidentially and sent to:
nicholas.tselios@renzotonin.com.au
